Extra Virgin Olive Oil

Picual

We present the new **Gran Selección EVOO** with the same oil, the same quality, and the same heart. Passionate about **high-quality extra virgin olive oil**, crafted from well-balanced mountain groves.

All year long, the olive tree takes center stage, which is why it is treated with care and dedication by our farmers and field technicians.

The field technicians, agricultural engineers from API Sierra Sur (Integrated Production Association), carefully **observe and study the proper treatments and fertilizers** for the trees, as well as the optimal ripening point of the fruit to begin the harvest.
